Public events and semi-public events will be required to submit a parking plan to the Planning Committee for approval. The committee shall review the parking plan and take aspects such as time, date, and duration into account when making a determination on the adequacy of the parking plan. All events shall be subject to the parking limitations of §7.04 of the Village of Ephraim Traffic Code. This plan however may be revoked by the plan committee at any time should the plan prove to be inadequate, if the parking requirements of the village change, or if the event itself changes.
